

CVSC Cloverleaf Tour

The CVSC Cloverleaf Tour is a self-guided series of motorcycle rides. It is designed similar to an unlimed, self-guided Poker Run. Participants who complete the Tour will be rewarded with the CVSC Cloverleaf Tour Souvenir Run Pin. And, they will be eligible for the CVSC Cloverleaf Grand Tour. Participation in the CVSC Cloverleaf Tour is completely voluntary. It may be ridden in a group, solo, with or without a passenger, or any combination there of. Verification of completion of each leg of the tour is done by submitting the specific photographs requested for each of the designated Photo Stops as noted on the individual tour directions sheets.

Photo verification is done similarly to that of National HOG's ABC's of Touring Program. Validate each loop with 3 photos. There are 4 loops, for a total of 12 photographs. Passengers will submit an additional photograph, for a total of 16 photographs. Each photograph must contain your motorcycle, the background of the photo stop and the front page of the daily paper showing the date of your ride. Papers must be turned in with your photographs. In addition, at least one of your photographs should also include you, with your bike, background and paper. If riding double, the additional photograph of the passenger, with the bike, background and paper should accompany the riders photos for the passenger pin award.

All photos will be returned upon request at time of validation. Otherwise, they will be turned over to the historian for a scrapbook of the CVSC Cloverleaf Tour participants for the chapter archives. Photos should be turned in to the Chapter Activities Director or their designee.

Still confused, it's as easy as this: Buy a disposable camera, grab it and the morning paper as you head out the door, go to the gas station at a Start/Finish Stop and fill-up. While you're there, ask the yahoo at the next pump to take your picture, in front of your bike, with newspaper in hand, and background of surroundings in shot. Now travel tour route according to the odometer directions until complete, making sure to take the other two pictures at the designated stops (with or without your mug in the shot).

After you turn in your 4 sets of verification photos you will receive your pin and the most current information and guidelines to the CVSC Cloverleaf Grand Tour. The Grand Tour rides will be high mileage all day trips. They may be guided by a Road Captain or they may be self-guided.

Stay the course, don't look for shortcuts, and most of all.....
"Enjoy your Rides".

Helpful Hint: Tape the directions to your tank, windscreen or sleeve, with an easy release tape such as 'painters' or 'pvc'.

This is a Member Only - Closed Chapter Activity of: CVSC - H.O.G.

CVSC Cloverleaf Tour - Northwest Loop
(the Milky Way)

- 0.0 Start/Finish - Highway 99 & Eight-mile Rd - Chevron or Royce Bros. Farms Restaurant. (set odometer)
